

Private Sector Engagement in Youth Activities - Kenya

Project Title	Private Sector Engagement in Youth Activities - Kenya
Project Summary	USAID has adopted a strong Private Sector Engagement Strategy (PSE). PSEt is fundamental to the Agency's goal to end the need for foreign assistance. Through qualitative and quantitative data, we will demonstrate the value of PSE in the youth activities within the Kenya East Africa's Mission.
Country	Kenya

Project Description

PSE has been a cornerstone of our investments in youth related initiatives. This includes our Young African Leaders Initiative, Generation, and Kenyan Youth Employment Services. The intern will help inventory our PSE engagement through the collection of data, phone/Skype interviews, and a final report. The intern will also design a communication and dissemination strategy that will include social media - by working with our COMs team.
